

Autism Videos @ Act

ACT is Canada's premier source for autism training, featuring an online library of 87 videos presented by Autistic adults, researchers, and practitioners. Covering diverse topics like Toilet Training, Mental Health, and Individual Education Plans, our resources cater to various neurodiversities including Autism.

Live and Webstreamed Events

Live events offer an immersive experience, fostering real-time engagement and interaction among attendees. Webstreamed events extend the reach of gatherings, allowing global audiences to participate virtually from the comfort of their homes.

Information & Community Resources

ACT's AID Search simplifies complex autism information. Our new Hub focuses on anxiety, behavior, gender diversity, mental health, self-injury, sensory issues, and suicidology. Plus, we've added Research Resources & Autism News.

Community Outreach & Advocacy

Community outreach support entails engaging with local communities to understand needs and offer resources, assistance, and advocacy. Collaboratively, we strive to bridge gaps, empower individuals, and cultivate belonging and solidarity among diverse populations.

Targeted In-Person and Virtual Training

ACT offers tailored training and workshops, both in-person and virtual, designed for distinct cohorts including parents, caregivers, family members, school teams, and professionals.
